

SETTING UP APPLICATION ENVIRONMENT

CREATE FLASK PROJECT

Date	26 October 2022
Team ID	PNT2022TMID22348
Project Name	News trackerapplications
Maximum Marks	8 Marks

PROGRAM

The screenshot displays the Visual Studio Code interface with a Python Flask application. The Explorer sidebar on the left shows the project structure with 'app.py' selected. The main editor window contains the following code:

```
1 from flask import Flask
2
3
4 app=Flask(__name__)
5 @app.route('/')
6 def hello_world():
7     return 'Hello World'
8
9 if __name__ == '__main__':
10     app.run(debug=True)
11
```

The status bar at the bottom indicates the current position is Line 10, Column 23, with 4 spaces, UTF-8 encoding, CRLF line endings, and Python 3.10.5 64-bit. A watermark for 'Activate Windows' is visible in the bottom right corner.
